

# Project Summary

In collaboration with the Chelsea River Gallery (inspired by co-Director Deborah Greer) Chelsea District Library presents **The World War I Centennial: Strong Foundations, New Possibilities**, which commemorates the centennial anniversary of World War I. The program is made possible in part by a grant from the Michigan Humanities Council, an affiliate of the National Endowment for the Humanities as well as the Chelsea Chamber of Commerce Tourism Action Plan Program (CTAP) through Washtenaw County Convention and Visitors Bureau. The Chelsea American Legion Chapter 31 provided initial moral and financial support.

More than 100 years ago, America was gripped in the midst of World War I (July 28, 1914 – November 11, 1918). It affected U.S. troops overseas and families back home in communities across the country, including those in the southeast Michigan town of Chelsea, in Washtenaw County.

As part of a continuing effort to chronicle the city of Chelsea's history, the Chelsea District Library and River Gallery have curated WWI-era photographs, letters, stories and artifacts from local residents. A curated selection of the photographs will be exhibited in an outdoor art installation of large-format sepia-toned banners, which will be hung throughout downtown Chelsea, featuring local historic WWI photographs.

## An Opportunity To Share Your Thoughts

A message sculpture will be placed in the lobby of the Chelsea District Library. Tags, markers and stamps will be available so that community members and visitors can share their thoughts and feelings about the WWI exhibit. This sculpture will be gifted to the Chelsea American Legion, Chapter 31.
