

STATE OF MICHIGAN.

Department of State—Division of Vital Statistics.

REGISTER OF DEATHS.

PUBLIC ACT NO. 217 OF 1897, (AMENDED, 1901.)

Village of Chelsea

(Township or Village.)

County of Washtenaw

From Feby 1st 1903, to Dec 3rd 1904

PRESERVE WITH CARE. BEGIN EACH YEAR with a new series of record numbers. This Register should be filled out at the time the Burial or Removal Permit is issued. It will serve as a basis of making the required returns to the County Clerk.

The Certificates of Death upon which this record is based must be mailed to the Secretary of State, Lansing, on the fourth day of the following month. Therefore it will be necessary to keep the Register written up to date in order that there may be no delay in transmitting returns. Registrars should not issue permits for deaths in other districts, for deaths in other States, or for disinterred bodies. Permits for the railroad transportation of all disinterred bodies must be obtained from the State Board of Health. They cannot be issued by Registrars.

MAIL RETURNS PROMPTLY ON FO

this rule, giving full particulars, including date of shipment, name of railroad, station, and point of destination. The Transit Permit prepared by the State Board of Health for use of Licensed Embalmers contains a Registrar's Removal Permit.

7. **Make your report promptly on the fourth day of each month for all deaths which occurred during the preceding month.** It is only necessary to put the certificates filed with you into a stamped return envelope (provided by the Secretary of State), fill out the Statement Card giving a memorandum of the number of certificates returned, with their registered numbers, and mail it. If no deaths occurred, use the Postal Card provided for making a report of "No Deaths."

8. **Delinquent Certificates (deaths not registered) should be noted on card at time of making regular monthly report.** This insures credit for same, if filed with the Department at a subsequent date.

9. **Read the Monthly Bulletin carefully.** Instructions and necessary information will be given from time to time which Registrars should note and carefully follow.

10. **Do not register any deaths outside of your district.** Credit will not be given for deaths so registered. If the death occurred in an adjacent district, the undertaker should be instructed to file the certificate of death with the clerk of the township, village or city where the death occurred. (This is not intended to prevent the occasional issue of a permit by a village clerk for the clerk of the township, or vice versa, as a matter of convenience. The clerk issuing a permit for a death outside of his district acts as the deputy of the clerk of the district where the death occurred, and must see that the certificate is promptly filed and registered where it belongs. No credit will be given to a clerk who thus issues a permit for another.)

11. **Do not register any deaths on the basis of Transit Permits.** If issued by a district in this State, the death is already on record. If outside of the State, then you have no right to register it, as the law applies only to deaths in Michigan. No credit will be given for such returns.

12. **Never issue a Removal Permit for a disinterred body.** Refer all applicants to the State Board of Health.

13. **Do not waste Return Envelopes.** If you have a question to ask the Department, reserve it, if possible, until making your monthly report. Never use a Return Envelope for any purpose other than that of enclosing your Monthly Return of Certificates of death. Do not use a Return Envelope for sending back corrections alone. Hold the corrections until making your regular returns.
